<b>Fix Committed on JS Branch:</b>	<b>Platforms:</b>
<b>Fixed in JS Release:</b> Saxon-JS 1.1.0	

#### Description

The fix for Issue [#3568](#) required a change in the Saxon-EE code to allow @wait with @document or @http-request. Unfortunately the compile time attribute combination checking code is wrong, and it no longer allows just @wait on its own. This affects the latest Saxon-EE releases 9.8.0.10 and 9.8.0.11 only.

#### History

##### #1 - 2018-04-04 14:12 - Debbie Lockett

- Status changed from New to Resolved

Also raised as Saxon bug [#3735](#), since this is purely a compile time bug.

Fix committed on 9.8 and trunk branches (IXSLScheduleAction prepareAttributes method).

##### #2 - 2018-05-09 12:21 - Debbie Lockett

- Status changed from Resolved to Closed

- % Done changed from 0 to 100

- Fixed in JS Release set to Saxon-JS 1.1.0

Bug fix applied in the Saxon-JS 1.1.0 maintenance release.
