

Saxon-JS - Bug #4963

Missing namespace prefix in imported stylesheet is not detected

2021-04-07 15:57 - Martynas Jusevicius

Status:	Resolved	Start date:	2021-04-07

Category:		Estimated time:	0:00 hour
Sprint/Milestone:		Spent time:	0:00 hour
Applies to JS Branch:	2	Fixed in JS Release:	
Fix Committed on JS Branch:		SEF Generated with:	

Description

This is the main stylesheet: <https://github.com/namedgraph/saxon-js2-test/blob/gh-pages/client.xml>

It imports this one: <https://github.com/namedgraph/saxon-js2-test/blob/gh-pages/import.xml>

import.xml is missing the definition of namespace prefix c: (which is present in client.xml). Saxon-JS 2.1 compiles SEF anyway, Saxon-EE catches this and throws an error.
