#### Description

The Saxon-CS product does no dynamic loading of classes by name. If class-valued properties such as URIResolver etc are used in a configuration file, the result is a NotImplementedException invoking the DynamicLoader.

This should fail more cleanly.

#### History

##### #1 - 2021-10-07 22:36 - Michael Kay

- Description updated

##### #2 - 2021-11-02 18:45 - Michael Kay

- Status changed from New to Resolved

- Applies to branch trunk added

- Fix Committed on Branch trunk added

The error handling has now been improved.
